TRAINING, TECHNICAL and TRANSFERABLE SKILLS

Practical pedagogy – REZEKNE ACADEMY OF TECHNOLOGIES, "Professional Competence Development Program for Educators: "Organization and Management of the Pedagogical Process" – 2023

Practical ethnography – developing museological program "Milk works" for the Latvian Ethnographic Open Air museum. To learn and explain the significance of milk and dairy products in ancient Latvian life, it is necessary to first understand the role of food in general in the lives of ancient people. In any case, procuring food was challenging for ancient people, and acquiring game has been a cause for celebration and a source of hope for survival.

Languages – Latvian (native); English (fluent); Russian (fluent); Lithuanian (A1)
